PRÄZISION BIS INS KLEINSTE DETAIL FÜR HÖCHSTE QUALITÄT

“For a hundred years the love of perfection has been passed down from generation to generation.”

Carl-Uwe Schweizer

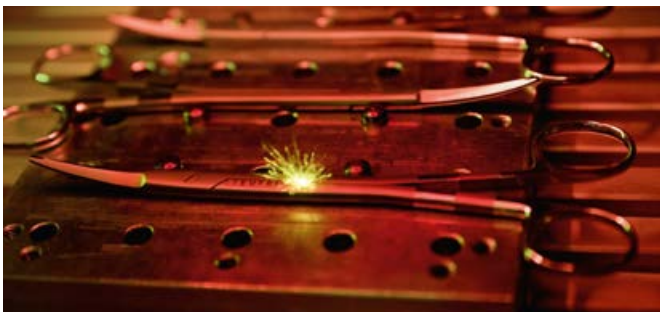

„Seit nunmehr 100 Jahren wird die Liebe zur Perfektion und zur Qualität von Generation zu Generation weitergegeben.“

Carl-Uwe Schweizer

EXPERIENCE QUALITY

100 % MADE IN GERMANY!

The production and international sales of high-quality surgical instruments have been the focus of our Company since 1921. Since then, our family business has specialised in the manufacture of instruments for EENT and microsurgery, as well as of special-purpose scissors to meet highest demand. Our quest for perfection has been handed down from generation to generation.

SEE THE PERFECTION RIGHT DOWN TO THE TINIEST DETAIL!

Just some of the attributes characterised by our instruments are their exceptional versatility, their ergonomic handling and their maximum durability. This level of high quality requires exceptional precision in all operational processes of the production. Our skilled craftsmen apply and aim their talents with this knowledge at the forefront of their work. We are equipped with actually 10 CNC-machines and modern automated machinery. The raw materials for our products all come from German manufacturers.
